They raided the community at about 1:00am on Thursday and kidnapped a 13-year old girl. According to a native, "on arrival at the community they headed to the resident of a prison warder"

"While they were breaking the door to the warder's house, a neighbour raised alarm but no one could dare the bandits who operated freely." "They broke into the prison officer's home and killed him before proceeding to the residence of the neighbour who raised alarm."

"They broke into the neighbour's house, killing him before abducting his 13 year old daughter." "But one of the kidnappers was killed as they were leaving

the community."

"The gunmen were many and were well armed."

"They came at about 1:00am and they went to the resident of the prison warder, I think they wanted to kidnap him."

"As they were breaking his house to gain entrance, his neighbour raised the alarm. His neighbour was shouting thieves, thieves, but no one could respond because the bandits were many and they were carrying guns."
