**O**SOGBO—THE sight of gory headless bodies of a mother and child dumped inside a gutter opposite AUD Primary School, Isale Agbara area in Ile Ife, Osun State evoked emotion Tuesday.

It was gathered that a resident, who preferred anonymity, told our correspondent that the bodies were disposed off in a manner that passers-by could notice them.

According to the source, aside the stench oozing out of the gutter, the bodies were not hidden from public view.

The source added that though the bodies had been mutilated, they still showed clearly that the corpses were still fresh.
