

Adara youths kill 4 suspected spies

By Ibrahim
Hassan Wuyo

FOUR youths accused of acting as informants to Fulani in Doka and Kallah villages of Kajuru Local Government Area, Kaduna State, were reportedly lynched by their kinsmen.

The National President of Adara Development Association in Kaduna State, Dio Maisamari, confirmed the killings.

"We have been told what happened but our position is that we condemned anybody involved in criminal activities whether he is Adara or Fulani. We were told that some of the suspects have been taken to the police station so our view is that let justice takes its course so that there would be no jungle justice again."

Those lynched were identified as Ayuba Zagi, Danladi Shekarau; David Kampani and Jumare Anthony.

Journalists were told that one of the youth was sighted working with the Fulani during an inferno.

Already, 5 persons were arrested by operatives of Kaduna State Police Command in connection with the mob action.

The Police Public Relations Officer, Mohammed Jalige, said the police were on top of the situation as those arrested had assisted with information.
