

Airforce jets bomb Boko Haram gun truck, kill terrorists in Bomo

By Kingsley Omonobi

The Air Task Force (ATF) of Operation Lafiya Dole has neutralized several Boko Haram Terrorists (BHTs) and immobilized one of their gun trucks at Bula Korege, a terrorists' logistics distribution centre and meeting point, on the fringes of the Sambisa Forest in Borno State.

Major General John Enenche, Coordinator, Defence Media Operations said, "This feat was achieved via air strikes executed on 17 June 2020 as part of missions being conducted under the subsidiary Operation Long Reach after a Nigerian Air Force (NAF) Intelligence, Surveillance and Reconnaissance (ISR) aircraft spotted a large number of BHT fighters and a gun truck within the settlement.

"Consequently, the Air Task Force scrambled its

fighter jets to attack the location.

Upon arrival overhead the settlement, the NAF jets engaged the target area, tak-

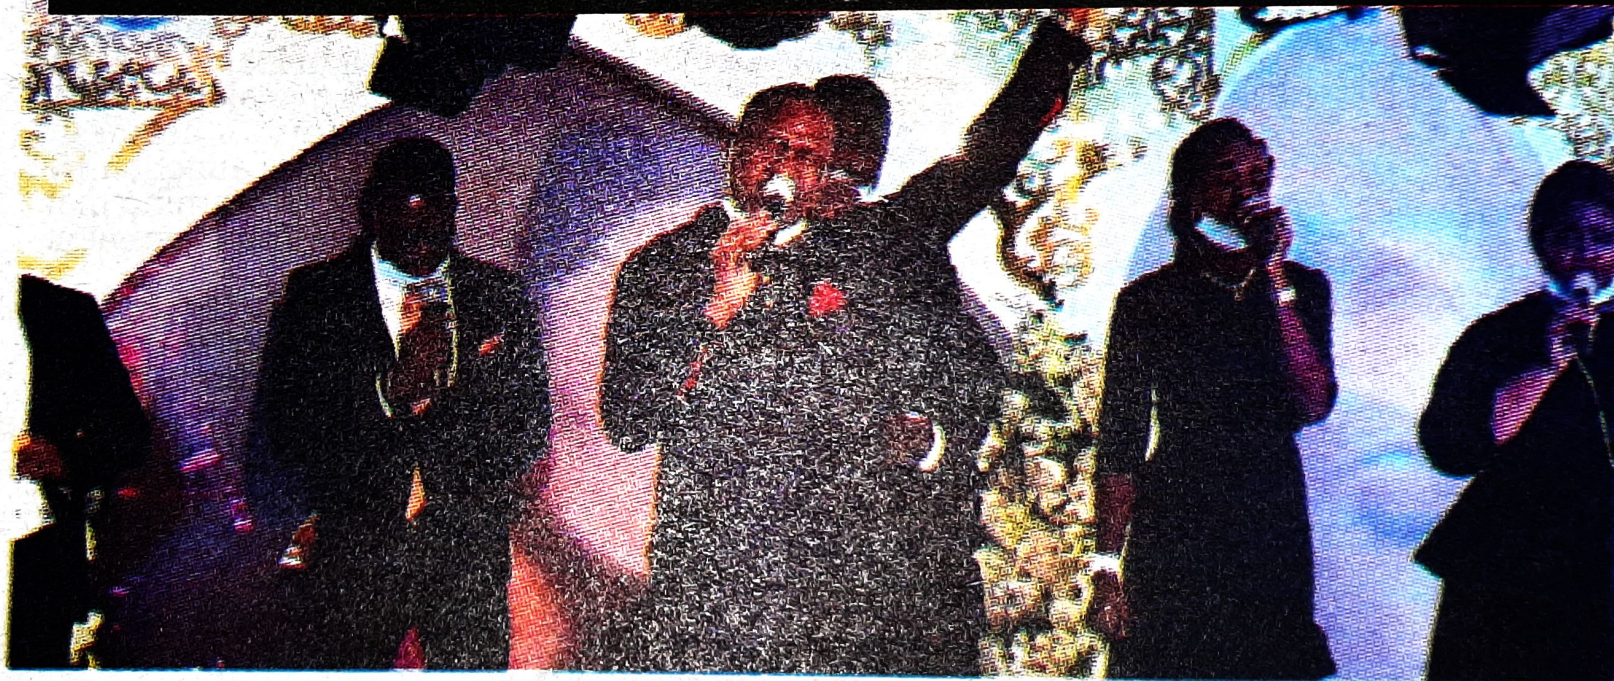

ing out some structures and neutralizing some of the terrorists. "The gun truck, while retreating from the location due to the strong firepower from the air, began engaging the attack aircraft with its anti-air-

craft gun.

"However, the jets, after conducting evasive manoeuvres, tracked the vehicle and subsequently immobilized it a few kilometres outside the village.

"The occupants of the truck, who attempted to flee, were mopped-up in follow-on attacks by the fighter jets."

FUNERAL SERVICE FOR LATE PASTOR MRS IBIDUNNI IGHODALO

The funeral service for late Pastor Mrs Ibidunni Ighodalo, wife of Pastor Ituah Ighodalo, founder, Trinity House Pentecostal House was held at Ebony Vaults premises, Ikoyi, Lagos yesterday. Pastor Ituah Ighodalo (3rd right) singing with the choir
