

Soldiers deny killing, dumping 4 persons inside pond in Jos

The Defence Headquarters yesterday denied media reports that four persons were killed by soldiers and their bodies dumped in a pond in Jos during clampdown on looters of private properties in the state.

The Coordinator, Defence Media Operations, Major-General John Enenche, in a statement, described such reports as malicious and mischievous.

Enenche explained that the soldiers attached to the Special Task Force (STF), Operation Safe Haven (OPSH), were nev-

er engaged in any professional misconduct in preventing criminals from perpetrating crimes in the state.

He said that troops in an attempt to stop hoodlums from looting the residence of the former Speaker of the House of Representatives, Mr. Yakubu Dogara on October 25, only arrested the perpetrators.

According to him, the hoodlums and vandals invaded the private property of the former speaker at Lamingo, with a view to looting it.
