

Ritualists dump remains of girl on NPA express road

By Jimitota Onoyume

 **WARRI**—SUSPECTED ritualists reportedly dumped the corpse of a young girl along NPA Road, Uvwie Local Government Area with her head and private parts cut off.

Nobody could say where she was killed, but business operators in the area said they found the corpse by the roadside.

"It was likely her killers brought her remains in a vehicle to dump here," a trader said.

The state Police Public relations Officer, Onome Onovwakpoyeya, confirmed the death, adding that the Police will appreciate any useful information that could help unmask the killers.
