WARRI—BODIES of a 33 year-old man and his 25 year-old girlfriend were, yesterday, found dead in their one-room apartment at Uvwie in Uvwie Local Government Area of Delta State.

The bodies of the lovers, identified as Emmanuel Oshiotu and Amaka Okafor were found dead in their apartment located at 2, Ojigbo Crescent, off Sapele-Effurun Road.

Though the cause of their death could not be ascertained at press time, it was, however, learned that a bottle of sniper insecticide and a knife were found beside their bodies, with neighbours and police suspecting suicide.

The suspected suicide, it was gathered, was reinforced by Emmanuel's post on his Facebook page on Wednesday depicting someone facing frustration.

One of the neighbours of the deceased told journalists that at about 5 a.m. they heard Emmanuel shouting for help and that on

breaking the door found him vomiting white foam while his lover's lifeless body laid a few distance from him.

He said the deceased was rushed to Central Hospital, Warri where they were both confirmed dead and bodies deposited in the morgue.

It was gathered that on closer scrutiny of the room, a sniper insecticide and a knife were found, giving suspicion of suicide.

Delta State acting Police Public Relations Officer, Edafe Bright, confirmed the incident to *Vanguard* in Warri.
