

Two *okada* passengers killed, one injured in Ondo road accident

By Dayo Johnson

AKURE—TWO *okada* passengers were, weekend, crushed to death along Hospital road in Akure, the Ondo State capital while another person reportedly sustained injuries in the crash involving a car and a motorcycle.

Vanguard gathered from an eyewitness that the two motorcycle passengers, who died instantly, were hit by the driver of the car from behind.

The motorcyclist was, however, lucky as he sustained injuries and was rushed to a nearby hospital for medical attention.

An eyewitness said the driver of the car was on top speed and was driving reckless.

"The woman who drove the car was reckless and on top speed," the source said.

The auto crash, which caused traffic gridlock for several hours in the area, occurred along Oke Isegun, hospital road in Akure metropolis.

Sources said their corpses have been deposited at the state specialist hospital in Akure.
