200 level student of NMU, one other die in boat mishap

By Jimitota Onoyume

A 200 level student of the Nigerian Maritime University, NMU, in Warri South-West local government area, Delta State and a lady drowned in a boat mishap that occurred last Friday.

Vanguard gathered that the commercial boat capsized on its way from the school that Friday.

A source within the school, who spoke on condition of anonymity, said the boat was not among those approved by the school to convey students and staff, adding that the lady, who also died, was not staff or student of the school.

"It was unfortunate this happened. It is not in any of the boats approved to convey our students and staff. I understand it was a commercial boat, somebody may have come with it and it was going back when it carried some persons," a source said.

Vanguard gathered that it was the first time a student of the school would be involved in a boat mishap.
