Gunmen on Thursday night allegedly killed an operative of the Ebubeagu Security outfit, Iboko Christian, in the State. The victim, said to be a graduate, joined the Security operative due to his inability to secure a job.

He was said to have been attacked by the

gunmen who trailed him to his house in Nduogbuovu community in Izzi local government area.

The lawmaker representing Izzi East Constituency in Ebonyi Assembly, Anthony Nwegede confirmed the ugly incident. The lawmaker, who is an ally of the slain Ebubeagu operative, said the attackers robbed the victim of his money and motorcycle before killing him.

Nwegede, who condemned the killing, said the matter has been reported to the police for investigation.

His death came barely a week after a commander of the security outfit was killed in Ezza North Local Government Area of the State.

Recall that in January, another member of the Security outfit, identified as Sunday Nwafor,

was shot dead by gunmen and then beheaded in Ekpelu, Ikwo Local Government Area of the state.

In January, another member of the security outfit, Ifeanyi Orogbo was killed and his remains partially burnt by the assailants. The victim was killed in Igweledeoha, Amagu, in Ikwo Local Government Area of the state.
