

# 4 dead as container laden truck crushes bus, tricycle in Aba

By Ugochukwu Alaribe

**U** **MUAHIA**—  
**FOUR** persons  
lost their lives with  
scores injured,  
following an auto crash  
on Aba Waterside River  
bridge in Ogor-Hill,  
Aba, Abia State.

Vanguard gathered  
that the crash occurred  
as a truck conveying a  
40-foot container, was  
said to have lost its  
brakes, rammed into a  
car and tricycle, killing  
four persons on the  
spot.

An eyewitness told  
Vanguard that the truck  
while descending from  
Opobo Junction axis on  
Aba Ikot-Ekpene road  
swerved due to the  
break failure when it hit  
another broken down  
truck on the bridge.

The crash into the  
broken down truck led it  
to collide with a Sienna  
bus and a tricycle as well  
as another stationary  
vehicle on the bridge.

When Vanguard  
visited the scene, men  
of the Federal Road  
Safety Commission,  
FRSC, were seen  
directing traffic.

Sympathizers made  
frantic efforts to rescue  
the injured and those  
trapped under the  
container. One of the

rescued passengers in  
the tricycle had her legs  
damaged, while the  
other was seriously  
injured.

Some of the  
sympathizers at the  
scene expressed anger  
at the FRSC operatives  
over the delay in getting  
a towing van to lift the  
container to rescue  
victims, who were still  
trapped under the fallen  
container.

"This is two to three  
hours after the accident,  
there is no towing van  
or crane to remove the  
container which fell on  
a Siena bus," the  
sympathizers said.

Another eyewitness,  
Mr. Ikenna Nzekwe,  
said that it was  
condemnable that both  
the state and federal  
governments did not  
think it wise to construct  
a flyover across the Aba  
waterside bridge to  
decongest traffic from  
Uyo, Ikot-Ekpene into  
Aba.

"When will the  
government understand  
that these heavy-duty  
vehicles shouldn't be on  
the road in the daytime?  
When will government  
agencies learn to  
remove spoilt vehicles  
on the road to save  
lives? These are issues  
we should be focusing  
on. The FRSC came

with nothing except  
their Hilux. What kind  
of a country is this?" he  
querried.

Contacted, Aba Unit  
Commander, FRSC,  
Assistant Corps Commander,

Jennifer Ofor, said the  
unit had no towing van  
or crane and had to rely  
on companies to get a  
towing van which  
removed the crashed  
vehicles from the road.
