

3 killed in Ogbomoso container truck accident

By Adeola Badru

THREE persons lost their lives in Ogbomoso, Osun State, yesterday, when a container-laden truck lost control and fell on a commercial tricycle at Takie Junction of the town.

It was gathered that the truck, while navigating a bend, toppled its container, which then crushed the tricycle, commonly known as 'Keke Marwa.'

An eyewitness, who wished to remain anonymous, said two female passengers and the tricycle rider were trapped beneath the container. Rescue efforts later confirmed that all three victims had succumbed to their injuries.

Relevant authorities were currently working to remove the container from the road to prevent further accidents and restore traffic flow in the area at press time.

Motorists, were, however, advised to exercise caution when approaching the affected section of the road.

The accident scene.
