

Security forces neutralise notorious gang leader in Kaduna

By Ibrahim Hassan-Wuyo

Security forces have killed a notorious gang leader, identified as Habu Dan Damisa, during an operation in Tudun Wada area of Kaduna metropolis. Dan Damisa, who for years had been accused of terrorising residents of the community through extortion, violent attacks and killings, was said to have died on Wednesday during the security raid. Residents of Tudun Wada described his death as a major relief, noting that he had held the area hostage for a long time.

Some community members then expressed gratitude to the security forces for restoring peace in their area. Security sources said his elimination formed part of ongoing operations to dismantle violent gangs and criminal networks in Kaduna and other parts of the North-West.
